Anuga 2019 - Worldwide. Leading. Significant.

In the world of food and beverage there is now way around Anuga. The largest trade fair in the world is the most important industry meeting point as the figures of 2017 once again impressively demonstrate: with 7,405 exhibitors and around 165,000 visitors it is clearly the number one event! Anyone who didn't attend, missed the most important global trends and will have to wait until 2019. Then, Anuga will once more present everything that is important for the international trade audience. With ten trade shows, an informative event programme and the largest participation of exhibitors, it will be the number one event again.
